

CL 500 by ERPO: Seating culture of the 1001 possibilities

ERPO is seating culture for the highest demands. And demands are different - almost never-ending, unique and as individual as the people who make them. The quest for the perfect seating experience is satisfied with a unique, all-changing principle: the principle of comfort. Erpo understands the sense of well-being derived from a maximum of seating comfort as a self-evident luxury that everybody deserves to have every day. The ERPO Effect is the premium manufacturer's promise of quality to be experienced when sitting. Its Classics series is a symbol for an epic, timeless and upmarket lifestyle. This feeling of something special is endorsed by the use of top-quality materials and outstanding workmanship. The Classics series embodies the culture of seating through an incredibly wide variety of looks - from different seat depths to the use of different seating and back cushions. And, ERPO's large Classics family continues to grow. A prime example: the model CL 500. A true classic is sought after for generations to come and naturally speaks for itself in terms of quality and great design. ERPO designed the CL 500 as a modular system from the very beginning and it has long become synonymous for individual adaptability within the upholstered furniture world. With its seemingly endless number of looks, CL 500 can adapt to meet the wishes and demands of every customer. The 1001 possibilities with the Model CL 500 are to be understood in the truest sense of the word. This doesn't stop ERPO in continuing to develop its Classics star further. Its latest features are the armrests which widen towards the top and its conically tapering feet. This combination lends the CL 500 a touch of romance to every type of modern surroundings. Whether as a corner combination, armchair or sofa in different sizes, CL 500 is a custom-made living island. This premium-quality upholstered furniture can be customised with different types of feet, headrests, cushion shapes, armrests as well as seating and back cushions to create your own personal luxury furniture. The customer may vary the look to their hearts content with the following options: 5 seating cushions, 3 back cushions, 3 seat depths, 2 seat heights, a wide variety of armrests and foot shapes. A key advantage to individual design and comfort are provided by the variable seating add-on elements. The wealth of variations attributed to the CL 500 is not just limited to the choice of its outward appearance. Also in selecting a cover for the CL 500 the sky's the limit. The multi-talent is transformed into an optical and tactile, harmonious whole through a large selection of high-quality, durable fabric and leather qualities in a seemingly endless variety of colours. CL 500 by ERPO - symbolises craftsmanship and workmanship Made in Germany. An innovation for all those who expect a piece of furniture to adapt to its environment in a flexible way. And not the other way around. For ERPO, seating culture means manufacture of contemporary upholstered furniture which reflect the seating needs of its owner and give them freedom of self-determination.

About Erpo

Erpo Möbelwerk GmbH has been producing upholstered furniture for comfortable seating in Ertingen since 1952. A maximum in comfort, the numerous sitting adjustments possible, high practical value and an outstanding quality of workmanship set Erpo upholstered furniture apart from the rest. Cutting-edge production conditions enable manufacture to be of the highest level of quality. In 2010, the 170 Erpo employees were commended by the magazine "markt intern" for the third time in a row and the company was voted into first place in the customer satisfaction survey.
